Ordering and Payment

When placing an order through our website, you may pay either with cash on delivery or through Gcash online payment. By placing an order, you represent that you are authorized to use the selected payment method, and you authorize us to charge your selected payment method for the total amount of your order, including any applicable taxes, fees, and delivery charges.

Delivery

We will make every effort to deliver your order within the estimated delivery time provided when you place your order, but please note that delivery times are estimates only and are not guaranteed. You are responsible for providing accurate delivery information, including your address and contact details, and for ensuring that someone is present to receive the order upon delivery. If you are not available to receive your order at the designated delivery address, we may leave your order with a neighbor, security guard, or other person you have authorized to receive your order.
